

America's Boating Channel™

Promoting Boater Education to Our Members and the Public

As production of America's Boating Channel™ Season Seven gets underway, remember the channel has six seasons of videos archived and available to help educate ourselves and others.

An outstanding example is the video [“Boater Education.”](#) which underscores the importance and value of taking boating safety courses. Viewers learn about online, classroom, and on-the-water educational offerings.

Screening boater education videos is an excellent way to prepare for safer experiences on the water. “Boater Education” reminds us about required safety equipment and that we need to know the rules of the road when operating a boat.

Taking the concepts in this video a step further, America's Boating Channel produced a sequel entitled [“Knowledge Versus Skills.”](#) It covers differences between boating knowledge and boating skills and why it matters. Viewers learn approaches to take to improve their boating abilities and what pitfalls to avoid in boater education.

These videos also are an excellent tool to help recruit participants to our educational program and to membership. Invite your friends and neighbors to watch, like and subscribe to America's Boating Channel to introduce them to what our organization has to offer.

Available on YouTube, America's Boating Channel offers quick and easy access to professionally produced high-definition safe boating and boater education videos.

[America's Boating Channel™](#) is produced by the United States Power Squadrons® (USPS) under a grant from the Sport Fish Restoration and Boating Trust Fund administered by the U.S. Coast Guard.
