

Kansas City Sail & Power Squadron's

District 30 Fall Conference Report

October 13, 2018

hosted by the Boulder Valley Sail & Power Squadron

Since our last report of April, 2018, The Kansas City Sail and Power Squadron has had dinner meetings in May and June with a summer break, and a meeting in September with another scheduled for October 16, 2018, as well as January, February and March, 2019. We do not meet in November and December because of the holidays. We have shown a slight improvement in meeting attendance.

The Kansas City Sail and Power Squadron sponsors a Sea Scout Ship called Soaring Eagle. The Ship got off to a slow start last year, but they are reorganizing and have enough members to make it viable. They are planning a meeting for October 13 and several of us are planning to attend.

We still have one member working on Junior Navigation.

Our treasurer George Beard is working on Instructor Certification and Recertification for any of our members that are interested.

We are working with our webmaster who is a previous member and we hope to take over the website and Face Book page with a new webmaster, which will keep us better informed and help recruit new members.

We were not able to plan any events either land or water this year, but we hope to improve on that next year.

We have 15 members in our squadron.

I am sorry that I can not attend the Conference, I am involved with daily hyperbaric treatments for problems that evolved from cancer treatments I had in 2008.

Respectfully submitted,

Don Fidler

Commander
